## ADDENDUM TO CONTRACT DOCUMENTS

Addendum No.: 3

CONTRACT/PROJECT NAME: Water Utility System Operations

DATE OF ISSUE: September 22, 2010

The following information shall be included in the Contract documents and is hereby made part of the project proposal documents in the form of clarification, addition, deletion or revision to the contract specifications and/or drawings.

1. On page 24 of the RFP under PWSI it states "Provide necessary licensing for GIS software utilized by PWSI and the Town of Fort Myers Beach". Does this requirement mean that we need to fund the license fee as part of our proposal? If so, what cost should we carry for this license? I assume that this is an annual amount.

Response: This provision shall be removed from the requirements. PWSI will utilize the Town's existing GIS software license.

2. Can you provide an example of the monthly financial reporting expected? Response: Attached is a sample Fort Myers Beach Public Works financial report
